## GALVESTON IS NOW SHUT OUT.

Strict Quarantine on on Ac-  
count of Suspected Case  
of Yellow Fever.

**NO TRAINS CAN  
LEAVE THE CITY.**

A Thorough Investigation of the  
Case is Being Made by the State  
Health Officer.

**QUARANTINE WILL  
LAST FOR TWO DAYS.**

If at the End of That Time the Case is  
Not Yellow Fever the Gates Will  
Be Reopened, If Not Quar-  
antine to Be Continued.

Galveston, Aug. 27.—Dr. W. P. Blunt,  
state health officer, has a strict quaran-  
tine on in this city and no passengers or  
loaded freight trains are permitted to  
leave the city. Freight is again moving  
into the city, the train crews being  
changed without contact at Virginia  
point, across the bay, and arrangements  
have been made for fumigating the  
empty cars and sending them out of the  
city. This quarantine is to last two  
days. At the end of that time Dr. Blunt  
says it can be determined what is the  
nature of the disease from which the  
soldier at Fort Point is suffering. If it  
proves to be yellow fever, the quaran-  
tine will be continued about ten days.  
If at the end of that time there are no  
new cases, then the bars will be lifted.

Dr. Blunt strongly inclines to the  
opinion that the case at Fort Point is  
typhoid fever, but he deems it best to  
keep Galveston quarantined until that  
question can be definitely determined.  
He thinks it likely that Galveston can  
be released about Monday morning.

But one train left the city yesterday,  
the regular passenger train of the Gal-  
veston, LaPorte and Houston, scheduled  
to leave at 6:40. It was permitted to re-  
turn to Houston by reason of an arrange-  
ment made by the authorities there, but  
was not allowed to carry passengers.

The citizens of Galveston are not  
alarmed over the case. Business is go-  
ing on as usual in the city.

**MORE CASES OF  
FEVER REPORTED.**

Three Suspected Cases Are at Galves-  
ton, and Some Are Believed to  
Be at Key West.

Washington, Aug. 27.—Dr. Wyman,  
surgeon general of the marine hospital  
service, has received a telegram from  
one of his assistants at Galveston stat-  
ing that the army surgeon there consid-  
ers the three additional fever cases some-  
what suspicious. He has isolated them,  
and taken the precaution to burn their  
clothing and bedding.

There are a few new cases also at Key  
West, which may turn out to be genuine  
yellow fever, but they have not yet suf-  
ficiently developed to warrant a positive  
statement as regard to them.

**Yellow Fever in Mexico.**

Vera Cruz, Mex., Aug. 27.—Several  
cases of yellow fever have declared  
themselves and strict sanitary measures  
are being taken to prevent a spread of  
the disease. The state authorities have  
adopted precautions against the im-  
portation of the fever into gulf ports within  
their jurisdiction.

**Waiting For America's Commission.**

Madrid, Aug. 27.—Duke Almodovar  
de Rio, minister of foreign affairs, ex-  
pects official notification of the names of  
the American peace commissioners.  
When these are received the Spanish  
commissioners will be appointed at once.

**Three More Regiments Off.**

Chickamauga, Aug. 27.—Three regi-  
ments left Camp Thomas for Knoxville  
today. They were the Second Missouri,  
Fifth Missouri and Sixth Ohio. Gen.  
Brookridge has made arrangements  
accordingly, and expects to get the  
whole of the First corps out during the  
next two days.

**Will Sail on the Seneca.**

Washington, Aug. 27.—The Porto Ri-  
can commission will sail for Port Rico  
on the Seneca, which at present is one  
of the vessels of the war department, but  
probably will be transferred to the  
navy. Admiral Schley will hoist his  
flag on her while the Brooklyn is to go  
into the dry dock to be repaired.

**Will Attend the Peace Jubilee.**

Chicago, Aug. 27.—President McKin-

ley has accepted the invitation to attend  
the peace jubilee to be held in Chicago  
in October. He will possibly be accom-  
panied by Lyman J. Gage, secretary of  
the treasury, and John D. Long, sec-  
retary of the navy.

**Killed by Lightning.**

Allen, Tex., Aug. 27.—During a rain  
storm Turner Brewington, a young man  
of this place, who had gone under  
the tabernacle for shelter, was struck by  
lightning and instantly killed.

**ADMIRAL SCHLEY  
AT WASHINGTON.**

He is Accorded a Royal Welcome on  
the Occasion of His Visit to the  
National Capital.

Washington, Aug. 27.—Rear Admiral  
Winfield S. Schley reached Washington  
at 4:15 o'clock yesterday afternoon and  
was greeted throughout the trip with  
cheering crowds. When the train pulled  
into the depot here he found a com-  
pact mass of spectators which filled the  
depot and overflowed out into the train  
sheds. The admiral and Mrs. Schley,  
when they appeared, were greeted with  
cheers and shouts of "Hurrah for  
Schley!"

Everybody joined in the shout-  
ing and the depot attaches crowded  
about the admiral and insisted on a  
handshake. At the gates the crowd in-  
creased and amid deafening cheering  
the admiral and his wife, the former  
with hat off, passed through two solid  
lines of people. A lieutenant and squad  
of police with difficulty cleared a pas-  
sage way to the carriage which was in  
waiting and they were driven to the  
Shorham hotel.

The admiral stayed only a few min-  
utes at the hotel and then drove to the  
navy department where, without any  
preliminaries, he reported directly to  
Acting Secretary Allen. The latter ac-  
companied him over to the White House  
where the president gave him a most  
cordial reception. The president thanked  
the admiral, as he had Admiral Samp-  
son, for the success of that memorable  
engagement of July 3, and took occasion  
to say that it was that battle which  
brought about the surrender of San-  
tiago. The president then went into a  
discussion of the work of the Porto Ri-  
can commission to which the admiral has  
been appointed.

On leaving the president the admiral  
drove to his hotel. He will go from  
here to New York, and from there he  
will go back to Westport, Conn.

**A DIFFERENT STORY  
OF THE FIGHT.**

One American Was Killed and Five  
Wounded, and Four Natives Killed  
and Several Wounded.

Manila, Aug. 27.—On Wednesday a  
corporal and two troopers of battery B,  
of the Utah artillery, after disembark-  
ing at Cavite, were sent on an errand.

While passing through the streets,  
Trooper Hudson discharged his revolver.  
It was all mere fun; but the natives in  
the immediate vicinity were much  
alarmed for a time.

The natives immediately began firing.  
Dismounted cavalry were sent to quell  
the disturbance, but the natives misun-  
derstood the movement and the firing  
became general.

Trooper Hudson was killed and Cor-  
poral Anderson was mortally wounded.  
Troopers Leydon, Machbar, Connolly  
and Doyle of the Fourth cavalry were  
wounded.

Four natives were killed and several  
wounded.  
General Aguinaldo has expressed his  
regret at the encounter and promises to  
punish the offenders.

No further trouble is expected.

**McArthur Will Succeed Moore.**

Washington, Aug. 27.—J. R. McAr-  
thur, of New York, is to be assistant  
secretary of state in place of Mr. Moore  
who was appointed secretary of the  
peace commission. Mr. McArthur was  
formerly first secretary of the United  
States legation at Madrid, and is now  
on special duty at the state department.  
He has had considerable experience in  
work of a diplomatic nature.

**Two Factions Will Not Attend.**

Madrid, Aug. 27.—The Carlists and  
Republican members of the cortes have  
decided not to attend the forthcoming  
session and they will issue a manifesto  
to the country explaining the reasons  
for their absence.

**Dr. Carmichael Goes to Hawaii.**

Cleveland, Aug. 27.—Dr. W. D. Car-  
michael, at present in charge of the  
Cleveland marine hospital, has been ap-  
pointed superintendent of the marine  
hospital service of the Hawaiian is-  
lands. He will be stationed at Honolulu,  
and from that point will direct the  
work. There is one island of the group  
on which large numbers of leprosy cases  
are confined, and of these Dr. Carmi-  
chael will make a study.

**Admits His Selection as Secretary.**

Washington, Aug. 27.—Assistant Sec-  
retary Moore admits his selection as  
secretary for the commission. He said

he had not decided when he would re-  
sign his position as assistant secretary of  
state, but that it would probably be  
within a fortnight. He had a long con-  
ference with the president, at which  
some plans of the commission were dis-  
cussed. Secretary Day also had an in-  
terview with the president.

**Safe Robbery at Iowa Park.**

Iowa Park, Tex., Aug. 27.—The safe  
of J. F. Greenlee & Co., druggists of  
this place, was burglarized Thursday  
night of about \$500 in money, of which  
about \$125 was the property of the firm,  
the balance being deposits for safe keep-  
ing by local societies and one or two  
private parties. No clew.

**Notice to Leave.**

Grapevine, Tex., Aug. 27.—Big Ann,  
a harmless negro woman, found a no-  
tice on her door to vacate in two days or  
suffer the consequences. Such lawless-  
ness is deprecated by all good citizens,  
but it is generally thought nothing seri-  
ous will grow out of this.

**Skin Like Velvet**

The woman or girl whose face is  
rough or red—whose skin is dis-  
figured with ugly pimples, black-  
heads, moth-patches, liver-moles,  
freckles, tan or sunburn, can have  
a skin like velvet if she chooses.  
Persistent use of

**Viola Cream**

will make the face as soft, smooth  
and pink as a baby's. Without  
question or doubt Viola Cream will  
do exactly what we claim. It is the  
only preparation which does per-  
manent good, and cannot possibly  
do injury. It is a skin medicine as  
well as a skin beautifier. Try a 50-  
cent jar. It will bring both hap-  
piness and satisfaction. By the  
time the jar is used up, you'll  
hardly recognize yourself in the  
mirror. Your old complexion will  
be replaced by a new one. Drug-  
gists sell Viola Cream.
